### **Subject: General Manager Report – Monthly Report: October 2025**

Dear Board Members:

### **Recommendation**

This is a recurring information item.

### **Summary**

The attached monthly report provides an overview of Marin Transit operations for the monthly period ending October 31, 2025. The monthly reports summarize statistics on the performance of Marin Transit services and customer comments.

Overall, Marin Transit experienced steady **systemwide ridership** in October 2025. Total ridership was 2% lower than the previous year (October 2024) and 3% higher than pre-COVID (October 2019).

Matching the systemwide trend, **fixed route ridership** was steady this month, with ridership being 1% lower than the previous year (October 2024) and 9% higher than pre-COVID (October 2019).

**Yellow Bus ridership** was steady this month, with ridership 3% lower than the previous year (October 2024) and 2% higher than pre-COVID (October 2019). The change in Yellow Bus ridership is due to October 2025 having one fewer school day than October 2024; the number of passes sold on the service is roughly the same as the prior year.

**Marin Access ridership** was steady this month, with ridership being 4% lower than the previous year (October 2024).

Additional detailed analyses of system performance and trends are provided in separate quarterly and annual reports, including route-level statistics and financials. These reports are available on the District's website at <https://marintransit.org/service-performance-and-reports>.

### **Fiscal/Staffing Impact**

None.

Respectfully Submitted,
