

LYFT SILVER | MARIN

The keys to independence for older adults

Introducing Lyft Silver, a service designed for older adults. Lyft Silver riders can easily get where they're going with the option of live phone support, and they can share ride details with people they trust.

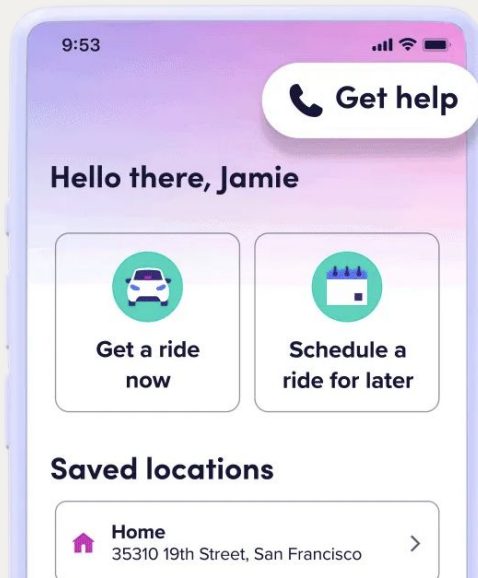

To try Lyft Silver:

1. Open your Lyft app.
2. Tap 'You' in the bottom right corner to access the main menu.
3. Select 'Lyft Silver' to turn it on and experience the simplified interface and phone support.

A simpler app, with people ready to help

Lyft Silver is easy to use. Plus, our live support team is available from 8 AM–9 PM ET to help riders over the phone.

Added comfort and confidence

Riders will ride more often in cars that are easy to get in and out of. Trusted contacts can see ride details, like drop-off location, in real time.
