Partnering with the Community

- In October, the team partnered with staff at **Marin Primary & Middle school** and supported a field trip on transit. Staff joined the students as they boarded the bus and handed out stickers and passes for the chaperones.

- In November, the team will start an ongoing partnership with **Marin Housing Authority** to support the first in a series of outings on transit. The outings are designed to improve access to Marin County Parks for MHA property residents.

- Staff are participating in various meetings and tabletop exercises led by **Marin County Office of Emergency Management** and **City of San Rafael** to prepare for expected weather and/or flooding events this winter that may impact transit operations.
