[info] Request for Public Board Review of Route 57 School Transportation

---

From 'Rustie Kaster' via Info <info@marintransit.org>
Date Tue 10/20/2026 4:22 PM
To info@marintransit.org <info@marintransit.org>

Please place Miller Creek Route 57 student transportation on a future Marin Transit Board agenda. I request a public review of the operational data and a written feasibility assessment of holding the earlier southbound bus at Stop 40641 near school dismissal. Please evaluate the effects on students, other riders, and schedule reliability, and publish the findings.

[info] Public Comment: Route 57 Bus Pickup at Miller Creek Middle School

---

Hello,

Please include Miller Creek Middle School's Route 57 transportation on a future public board agenda and support a public review of the operational data.

Our request is simple: Miller Creek Middle School dismisses at 2:56 PM. Please evaluate holding the earlier southbound Route 57 bus at Miller Creek School (Stop 40641) until approximately 3:05 PM, allowing students to board shortly after dismissal instead of waiting 25–35 minutes for the next bus.

Marin Transit's operational records indicate that the earlier bus typically carries very few passengers around dismissal and frequently arrives close to the proposed pickup time.

We are asking the district, Marin Transit, and county officials to work together, evaluate the feasibility of this adjustment, consider impacts on other riders and schedules, and report the findings publicly.

Review the operational data:
https://docs.google.com/spreadsheets/d/1Z8cuMrjiuAig-FAwjvgDTAE4Lu3ZAdff7DD1XXISCpc/edit?usp=sharing

See examples of how the district and Marin Transit have worked together:
https://www.millercreekbusing.com/working-together.html

This proposal deserves a public discussion based on the actual transportation data.

Thank you.
